Up to Four Players Try to Beat the Dealer in this fast-moving, Challenging Video Game

Check These Outstanding Features of 21:

- **Free hands and extra payoffs.** By scoring a natural (two cards totaling 21) players get a bonus hand and extra chips. Any five-card hand not exceeding 21 also earns extra chips. These features build extra excitement and suspense into every game.
- **Easy to learn.** The game can be learned in just minutes.
- **Variety of sound effects** create additional interest, enhance operation of game.
- **Simple controls.** Player controls include **ante, hit,** and **stand** buttons which control operation of hand.
- **Automatic operation.** Shuffling, dealing and scoring are all performed automatically.
- **Extreme flexibility.** Unlike other video games, a single player may play up to four hands at one time against the machine (one quarter being deposited for each hand). It's also a **social** game . . . if two players are competing against the machine, two strangers may ask to sit in.
- **Selectable settings.** Operator may select speed of game, number of hands dealt and initial chip issue.
- **Low maintenance.** Rugged, solid state electronics, and quality components minimize service problems. Convenient hinged top provides easy access to internal mechanisms and circuits.
- **Compact unit** measures 32" x 32" x 27" and weighs only 140 lbs. Size permits easy moving to new locations.
- **Rugged cabinet** is built to last, simple to clean.
- **Mirco warranty and service** assure reliable after sales support if repair to game is required.
